YOUR SUMMER PASSPORT TO LOCAL NATURE-BASED ADVENTURES!

FIVE RIVERS METROPARKS

OUTDOOR VACATION DESTINATIONS

This issue of *ParkWays* magazine is your passport to local nature-based adventures — and a fun game challenging you to collect as many Passport stamps as possible! You might even want to create a friendly challenge with family and friends to see who can collect the most stamps by the end of summer.

Throughout the season, visit **metroparks.org/passport** for additional outdoor activities. Visit our blog, **metroparks.org/natureisopen**, for more ideas for exploring the outdoors.

How to Play PASSPORT TO METROPARKS

- You'll find a variety of outdoor activities you can enjoy in a MetroPark, your favorite greenspace or your back yard throughout *ParkWays*.
- Look for the Passport logo to learn how many stamps you can earn for each activity you complete.
- You'll find Passport stamps on the adjacent page and page 25. Cut them out and paste them in this magazine or use recycled materials, such as paper or cardboard, to create a poster where you can paste and display your stamps.
- Take photos as you complete activities and post them to social media with the hashtag **#Passport2MetroParks**. We'll share some of our favorites on MetroParks' social media channels, too!
- Show off all the amazing outdoor spaces in our region that make Dayton the Outdoor Adventure Capital of the Midwest!
