## PARK FEATURES

- PUMPKIN ASH & SWAMP FOREST**  
 Tucked away in Englewood MetroPark is a unique woodland area – a remnant swamp forest. Visitors can follow a boardwalk into this wet area that supports an unusual population of trees, including black ash, swamp white oak and pumpkin ash. This wetland has been dedicated as a state natural landmark in recognition of the occurrence of pumpkin ash, a tree rarely found in Ohio.
- MARTINDALE FALLS**  
 From the trail entrance on Patty Road, the falls is less than a mile walk north on mostly level terrain through scenic woods.
- PATTY FALLS & OLD NATIONAL ROAD**  
 Named after the Patty family, who settled nearby more than 150 years ago, Patty Falls provides an easily reached scenic spot. From the falls, a short hike down the hill leads to a bridge over which Old National Road passed (near trail intersection 21). Note the limestone blocks and oak planks used in construction.
- AULLWOOD GARDEN METROPARK**  
 Discover the beauty of color, texture and form expressed through plants at this 31-acre country garden donated by Mrs. Marie Aull. For years, this garden has touched visitors with its diversity and abundance of floral displays, towering trees and serenity.
