

COX ARBORETUM METROPARK • PARK MAP

PARK FEATURES

- 1 VISITOR CENTER**
Start your Cox Arboretum MetroPark experience here. Learn from staff and volunteers about all the park features in detail and make the most of your visit.
- 2 THE LOOP PATH**
The half-mile, accessible loop path is designed to orient visitors to the Cox Arboretum MetroPark experience by linking Arboretum highlights. The specially colored, permeable clay paver path is a simple reminder that visitors are on the right track and will return to the point where they started. The path meets ADA standards.
- 3 BARBARA COX CENTER FOR SUSTAINABLE HORTICULTURE**
This center provides visitors experiential education opportunities with an emphasis on conservation and sustainability. It's home to two of Five Rivers MetroParks' native tree and wildflower propagation programs, where native plants are grown for use in habitat restoration projects throughout MetroParks.
- 4 WATER GARDEN**
Enjoy the serenity of a water garden landscaped with a mix of water-loving plants, perennial and shrub borders, and seasonal displays.
- 5 STONEWALL PERENNIAL GARDEN**
This mixed border features perennials chosen for year-round interest, including reliable garden favorites and promising new introductions.
- 6 NATURE PLAY**
This special area just for kids features branches, boulders and other natural objects that serve as outdoor playscapes and toys. Nature Play entices kids to explore the outdoors in an unstructured yet safe way – and makes it fun and easy for kids to experience the numerous benefits of time in nature.
- 7 ARBOR**
This beautiful arbor is part of a popular wedding venue.
- 8 POLLINATOR HABITAT**
Want birds, bees and butterflies to dance in your garden? Visit this pollinator garden to learn about pollinator-friendly plants and get ideas to make your back yard more pollinator friendly.
- 9 ALLÉE**
The plantings in this popular spot provide four seasons of interest. Watch for beautiful blooms, showy foliage and ornamental tree bark.
- 10 SHRUB GARDEN AND CHARLES R. NIEHAUS LILAC AND MAGNOLIA COLLECTION**
This garden allows home gardeners to evaluate the growth and flowering habits, fall color and winter character of hundreds of different trees and shrubs.

- 11 BELL CHILDREN'S MAZE**
Parents are invited to watch from the overlook or join in the fun as children discover a path through 1,175 boxwoods to the center of the maze.
- 12 MAIMON MEMORIAL GARDEN**
This garden uses edible plants as ornamental components of the landscape. It combines beauty and utility through a unique display of fruits, vegetables and herbs. The pavilion serves as an outdoor classroom and wedding venue.
- 13 WOODLAND WILDFLOWER AREA**
This young, successional woodland features a collection of native woodland wildflowers and non-native species that can grow well in a residential shade garden. During spring, the wildflowers are at their peak. At the west end of the garden is a connection to the red trail and Conservation Corner.
- 14 CONSERVATION CORNER**
Land stewardship practices are demonstrated in this area that includes two wetlands and 13 acres of re-introduced prairie, creating ideal wildlife habitat. A bird blind provides opportunities for wildlife viewing.
- 15 CONIFER COLLECTION**
View a variety of evergreens that can be grown in the Dayton area. The collection exhibits the wide range of textures and colors available for the home landscape.
- 16 TREE TOWER**
The Tree Tower rises 65 feet above the treetops, supporting an observation deck that provides visitors with a breathtaking, panoramic view of Cox Arboretum MetroPark and the surrounding region.
- 17 IRIS GARDEN**
This garden features species of irises native to Eastern North America, as well as a few selected horticultural varieties. Additional plant species added to the stream bank planting help extend the flowering season.

E4
E4 located at SW corner of the Carrollton Point Apts. 1308 Camphill Way
