PARK FEATURE

WOLF CREEK

Wolf Creek supports a variety of wildlife and offers scenic views as it flows through Wesleyan MetroPark. Both great blue herons and green herons have been spotted foraging in the creek, and trees show recent signs of beaver activity. The creek also supports a variety of fish, including spotfin shiners, smallmouth bass, largemouth bass, and rainbow, green, fantail, and Johnny darters. Popular scenic viewing spots include the pedestrian bridge over Wolf Creek, the paved pathway beneath the railroad crossing, and the gravel bar along with creek reached from the hiking trail on the west side of the creek.

Wolf Creek

Five Rivers MetroParks supports the Americans with Disabilities Act by making reasonable accommodations in serving individuals with disabilities. Programs and facilities are offered on a non-discriminatory basis. If accommodations are needed, please call (937) 275-PARK (7275) at least one week in advance.
